A message from the PVS students of 2017/2018

Dear Parents and Applicants,

The application you are about to complete is a little different from other schools'. The only requirement to attending Peace Valley School is that you want to attend and be part of this program. This means a few things:

- You must be comfortable choosing your own path in education with assistance from the Teacher.
- You must be able to work independently at real life skills which require responsibility and using tools that are commonly found on a farm and in a workshop.
- You must be willing to travel and take chances.
- You must be willing to work every day on a team and by yourself.
- You must be willing to get your hands dirty.
- You must help take care of our school and the environment.
- You must be ready to solve problems.
- You must be willing to grow not just academically, but socially and emotionally as well.
- You must be ready for change.

This might seem like a lot; and it is. Your classmates and teacher will help you every day. The only thing we ask is that you are honest in your answers and try your best.
